## Preface

Welcome to the Eleventh International Conference on Computer Supported Cooperative Work in Design (CSCWD 2007).

Welcome to Melbourne, the second most populous city in Australia, with a metropolitan area population of approximately 3.7 million. Located in the country's south-east, Melbourne is the state capital of Victoria and is home to over 70% of all Victorians. Today, Melbourne is a major centre of commerce, industry and cultural activity. Often referred to as both the “cultural and sporting capital of Australia”, it is home to many of Australia's major annual sporting and cultural events, and was the host of the 1956 Summer Olympics and the 2006 Commonwealth Games. Melbourne is renowned for its Victorian architecture including the World Heritage Royal Exhibition Building as well as its notable landmarks which include the iconic Flinders Street Station, the Melbourne Cricket Ground, and the extensive tram network, the third largest in the world and the largest in the Southern Hemisphere. Melbourne has been tied with other cities as the World's Most Liveable City on a number of occasions.

CSCW (Computer Supported Cooperative Work) with its applications to design and manufacturing has been an active research field for more than a decade. It is a great honor for Swinburne University of Technology to host the eleventh edition of the CSCWD conference.

The CSCWD 2007 Technical Program Committee has developed an exciting technical program that includes 26 technical sessions (contributed and invited). The proceedings contain 201 papers by 520 authors from 19 countries.

We would like to thank all the members of the Program Committee for their efforts in promoting the conference and reviewing the submitted papers. Special thanks are due to the authors who contributed to this conference.

We would like to thank all the chairs and members of the Organizing Committees for taking care of all the details to make this conference successful.

We also would like to acknowledge IEEE Victoria Section for the co-sponsorship of this conference.
